Subject: Re: Avery Landing Site

Talked to the point of contact at DOH this morning. See below:

I confirmed that the following facility is acceptable to receive CERCLA waste under the off-site rule (OSR):

Graham Road Landfill

Medical Lake, WA

RCRA ID#: None

The OSR acceptability status is dynamic in nature and subject to change. Region 10 has instituted a standard operating procedure where we conduct a verification of continued acceptability (VCA) on facilities that have been previously found acceptable under the OSR. The purpose of a VCA is to provide a periodic check to assure that the facility continues to be acceptable. VCAs are conducted when a request for OSR status is received and the previous VCA had been conducted more than 60 days prior. VCA are valid for 60-days.
